

Cork Griffiths & Ford

Hastings

I would like to inform you of a significant recent development for Cork Griffiths. As of 1 July, we have become the North West Partner for the specialist Board level and Non-Executive search and selection boutique, Ford Hastings (www.ford-hastings.co.uk)

So what's the story...

Over the past 15 years, the company's Principal, Tim Hastings has garnered an excellent reputation for senior level appointments, particularly for private equity backed businesses and has also been instrumental in developing an extensive network of Non Executives across the UK. The company runs regular events for NEDs, in conjunction with banks, lawyers, corporate financiers and entrepreneur groups. Tim and I are keen to further develop our joint networks and in doing so, we are keen to establish whether you would like to be part of a select group of business owners who receive regular M&A deal activity; invitations to events and seminars; advance notice of senior sector relevant individuals (including NEDs). Equally, if you haven't already considered employing the services of a Non Executive and would like to explore the benefits that such an individual could bring to your business, please advise us at your earliest convenience.

I look forward to hearing from you.

Kind regards.

Paul Griffiths
Managing Director, Cork Griffiths Limited.

One of our NED placements...

Cork Griffiths successfully placed John Waterhouse with public limited company – [Slingsby](#) – as a Non Executive Director.

A note from Tim on Ford Hastings...

Established in 2003, we help clients and investors to build boards and management teams which not only reflect the current needs of the business but also their plans for the future including succession planning and exit strategies.

For over 20 years, we have been building management teams and leadership solutions for a large number of successful companies. We also have access to considerable business intelligence and corporate research through our professional affiliations which facilitates traditional search methodologies and

often utilise social media and advertising to enhance the candidate pools as required.

We are different to most other search firms in that we actively spend time getting to know businesses well in advance of specific recruitment assignments. We are always interested in supporting owners and entrepreneurs who are looking to scale up their business and we will make time to meet you to explore your options on a totally confidential basis. Equally, if you are considering an exit at some point, we have some very strong contacts in private equity and venture capital firms across the UK and, despite the uncertainty surrounding Brexit, there is a very positive vibe amongst the M&A community for greater deal activity in 2018.
